Subject: Re: Canterbury Local Plan

Hi Sarah

The city council established a cross party Councillor Local Plan Working Group in July to review the draft local plan previously published for consultation over winter 2022/23.

Our intention is to take a revised draft Local Plan to Cabinet in February 2024 for a further Regulation 18 consultation. The Cabinet will also consider at this meeting a revised Local Development Scheme which will outline that the new local plan will reach Regulation 19 stage in early 2025 and will be submitted for examination ahead of the government's deadline in June 2025.

Since the Councillor Local Plan Working Group was established, no decisions have been taken by the council in respect of the content of the revised draft plan.

Kind regards
Andrew
